EXPERIENCE

Web Development Intern

CodSoft

Remote

10 Jan-10 Feb 2024

Responsibilities:

Assist in Front-end Development:

- Work with HTML, CSS, and JavaScript to create and enhance user interfaces.
- Collaborate with designers to implement responsive web designs.

Testing and Debugging:

- Test web applications for functionality, performance, and security.
- Identify and resolve bugs and issues during the development process.

Collaboration and Communication:

- Work closely with cross-functional teams, including designers, project managers, and other developers.
- Communicate progress and challenges effectively.

Benefits:

- Mentorship from experienced professionals in the field.
- Exposure to real-world projects and the opportunity to contribute to the development process.
- Networking opportunities within the tech industry.

Projects:

- | | |
|---------------------|---------------------|
| • Blogging platform | REACT.JS, HTML, CSS |
| • Job Board | REACT.JS, HTML, CSS |
| • Landing Page | HTML, CSS |
| • Tribute Page | HTML, CSS |

PROJECTS

FRONT-END | React-Weather-App

DEC-2023

<https://transcendent-conkies-a7c1b5.netlify.app>

WEATHER-APP

REACT.JS | NODE.JS | CSS | API | NPM

- Developed a weather project using React, implementing dynamic user interfaces to display real-time weather data.
- Utilized third-party APIs to fetch and update weather information, enhancing the user experience with interactive features.
- Implemented responsive design principles to ensure optimal performance across various devices, showcasing strong front-end development skills in a React environment.

FRONT-END | EXPENSE TRACKER

DEC 2023-JAN 2024

<https://lustrous-gumdrop-33e59f.netlify.app>

EXPENSE-TRACKER

REACT.JS | HTML | CSS

Effortless Finance Management:

- Developed with React.js, our expense tracker offers a user-friendly interface for seamless financial control.

Intuitive Expense Tracking:

- Log and categorize expenses effortlessly, empowering users to manage their spending with ease.

Real-time Insights:

- Gain valuable financial insights through dynamic visualizations and real-time data updates for a comprehensive understanding of your financial journey.

FRONT-END | TODO-LIST

NOV-2023

<https://dreamy-sunflower-092664.netlify.app>

To-do List

REACT.JS | NODE.JS | NPM | CSS

- Developed a dynamic and responsive to-do list application using React, showcasing proficiency in front-end web development.
- Implemented state management and component architecture to enable real-time updates and seamless user interactions.
- Utilized modern React features and best practices to create an efficient and user-friendly task management system.
