TECHNICAL SKILLS

FRONT-END | React.js, Javascript, Node.js, CSS, HTML

HOSTING/DEPLOYMENT | Netlify

DEVELOPER TOOLS | Git, npm

EXPERIENCE & PROJECTS

FRONT-END | React-Weather-App

DEC-2023

<https://transcendent-conkies-a7c1b5.netlify.app>

WEATHER-APP WEBSITE

REACT.JS | NODE.JS | CSS | API | NPM

- Developed a weather project using React, implementing dynamic user interfaces to display real-time weather data.
- Utilized third-party APIs to fetch and update weather information, enhancing the user experience with interactive features.
- Implemented responsive design principles to ensure optimal performance across various devices, showcasing strong front-end development skills in a React environment.

FRONT-END | CALCULATOR

DEC-2023

<https://mellow-panda-b7a205.netlify.app>

CALCULATOR-APP

JAVASCRIPT | HTML | CSS

- Developed a fully functional calculator web application using JavaScript, HTML, and CSS, providing users with a seamless and interactive tool for mathematical operations.
- Implemented responsive design principles using CSS to ensure optimal user experience across various devices and screen sizes.
- Demonstrated proficiency in front-end development by creating an intuitive and visually appealing interface for the calculator project

FRONT-END | TODO-LIST

NOV-2023

<https://dreamy-sunflower-092664.netlify.app>

To-do List

REACT.JS | NODE.JS | NPM | CSS

- Developed a dynamic and responsive to-do list application using React, showcasing proficiency in front-end web development.
- Implemented state management and component architecture to enable real-time updates and seamless user interactions.
- Utilized modern React features and best practices to create an efficient and user-friendly task management system.
